

KAREN'S SCHEDULE FOR UPCOMING MONTHS

The status of Karen's schedule is a fluid state. The dates may change by one or two days before or after the dates that Karen has listed below. She will work at not changing the week, as well as not to shorten the time. It is likelier that the week will be expanded. A change may be the result of flight schedules and obtaining the best airfare.

Upon a confirmed purchase of a flight to and from Florida, Karen will change the status for that week from a PROPOSED status to a CONFIRMED status.
